## Diamond Series

Our uniquely shaped, geometric diamond is now available in mosaic patterns. Sized to be installed and enjoyed in either horizontal or vertical formats, this mosaic series includes combinations of white Carrara marble paired with our beautiful glass as well as all-glass mosaics. This new series is now available in five different styles, including three new grey hues mixed with Carrara marble; one in all classic Villi "Bright White"; and one in a beautiful all-glass mix of three grey shades plus white. Brilliant!

## New Colors

Villi's color palette—already the industry's most diverse and complete—is newly enhanced with two compelling colors: Introducing Anthracite and Smokey Taupe!

Anthracite is a deep and dark grey, perfect for making today's contemporary kitchen or bath come to life. This hue offers flexibility in combination patterns, like in our Diamond Series mosaics where it's paired with Carrara marble, or on its own as a sleek, shimmering backdrop.

Smokey Taupe adds another dimension to the Villi palette, delivering a rich, deep and vibrant color. As a bridge from an older style or in an area suffering from too much beige, Smokey Taupe is the perfect transition – neutral but not boring or traditional.

## Arabesque and Hexagons

Villi is pleased to introduce unique structured/glossy mixed Arabesques and bold, large Hexagons, offered in glossy and matte finishes.

Hip and retro at the same time, Arabesque features a mix of 1/3 structured and 2/3 glossy pieces, which brings depth and pop to the reflective properties of Villi glass.

Our large Hexagons deliver a beautiful look, especially with the versatility of using glossy, matte or both in areas where these deep colors and statement-making shapes are desired.

Each of these shapes is offered in six top-selling colors.
